

# The Hülgelkultur Method of preparing your Raised Bed

## Why Hülgelkultur?

- Cost efficient
- Helps retain water
- Soil improvement
- Environmentally friendly
- Increases soil temperature
- Minimal maintenance

### For container beds

Layer 5:  
**30% Organic Soil**

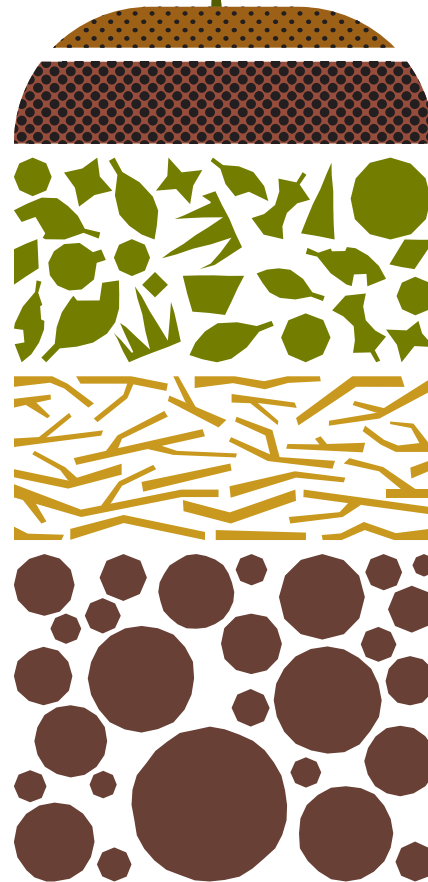

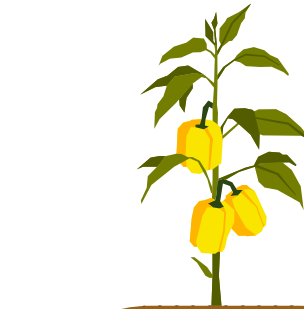

Layer 4:  
**10% Compost**

Layer 3:  
**10% Plant Waste**

Layer 2:  
**45% Wood**

Layer 1:  
**5% Thin Cardboard**

### For in-ground growing

Layer 5:  
**5% Top Soil**

Layer 4:  
**10% Compost**

Layer 3:  
**25% Plant Waste**

Layer 2:  
**20% Branches**

Layer 1:  
**40% Piled Logs**

## Soil recommendation.

We recommend Daddy Pete's Planting Mix or Daddy Pete's Raised Bed Mix for both layer 5 and 4, above the plant waste, wood, and cardboard.
